**ACTUAL** Time Available For Preparation: **61** Days (1<sup>st</sup> March to 30<sup>th</sup> Apr) + 7 Days (1<sup>st</sup> May to 7<sup>th</sup> May)

After a careful research of the previous years question papers, I have listed the following subjects/topics that were given importance in the question papers. The number of days allotted are according to the trend of the subject/topic in the question papers.

**Total Subjects/Topics to be Prepared: - 10**

1. Vidhnyan and Abhiyantriki (Science and Technology)
2. Vaanijya and Arthvyavastha (Commerce and Economics)
3. Bhugol (Geography)
4. Krushi (Agriculture)
5. Bhartiya Rajyapaddhati (Indian Polity)

10. Gram Prashasan (Village Administration – Local Administration)

**SINCE** there is a lot to study in these 2 months time period, you must read carefully every subject/topic, within this limited period. You cannot afford to take everything at once and start reading. Neither can you study multiple subject everyday else you will mix up everything. The best strategy is to take up one subject and study carefully, finish it and then take another subject. This way you will spend a number of days on one subject and cover every topic/sub-topic of that subject.

**FOLLOWING** is a trend of asking questions on specific subject/topics. The following table shows the numbers of questions were asked in 2008 and 2009 MPSC State Services Prelims Examination.

SUBJECT/TOPIC	2009		2008	
Kala Ghatak (Art Subjects)	49	Distribution of Marks	48	Distribution of Marks
• Itihaas (Modern History)		05		07

<b>TOTAL QUESTIONS</b>	<b>200</b>		<b>200</b>
